

SimbaConnect

SimbaConnect is SimbaNET's flagship service - offering Point-to-Point connectivity solutions across many sectors using variety of network connectivity options – ranging from MPLS, VSAT and IPLC. We tailor-make our solution, depending upon our client's requirements and location.

Access Technology Agnostic

For Organizations:

- Who need faster & reliable P2P connectivity within their domestic or regional locations
- Where greater security is required for enhanced privacy their network needs
- Who require Fully meshed network via IP routing providing redundancy and quick disaster recovery

Tier I Global Partnerships

For Organizations:

- With high traffic volume between overseas sites
- With full control over routing options
- Design their own WANs or already have existing multiple interfaces or network protocols

Offering C, Ku and Ka Band

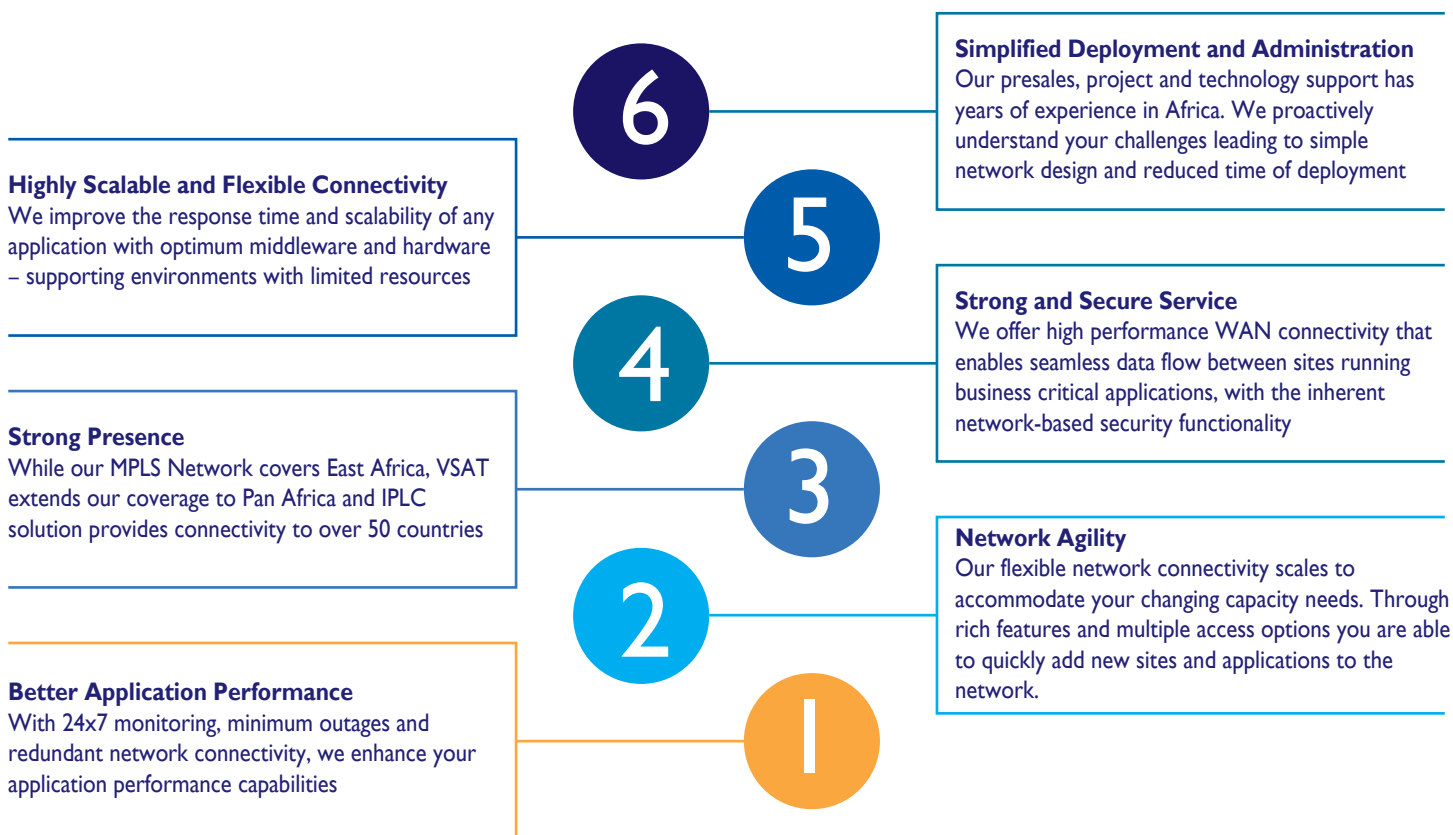

For Organizations:

- With remote locations - where there is limited or no terrestrial connectivity
- Who needs to carry data as well as sensitive applications like voice and video
- Who needs a 100% redundant link on different access technology

Features

- **Proven Technologies:** All technologies tested and co-designed by SimbaNET for meeting Africa specific requirements
- **End to End Services:** Fully owned remote and on-the-field technical support
- **High Quality of Services:** Full range of expertise to support our IP POPs and Teleports; backed by 24x7 services monitoring
- **Flexibility and Adaptability:** Network design according to customers requests supported by variety of Access Technologies (Fibre, VSAT, LTE)

Six reasons why you need SimbaConnect?

About SimbaNET

SimbaNET is a member of Wananchi Group - A Licensed East African Public Data Operator with both Regional and International presence providing high-speed data & Internet Services over Fiber, LTE/4G & VSAT.

We have been in business for over 10 years providing telecommunications services in Africa. Our direct footprints include Kenya, Tanzania, Uganda, Zambia, Malawi and UAE. However, through our partners, we offer services in other

countries such as Rwanda, Burundi, SA, Mozambique, Nigeria, Ghana, South Sudan and DRC.

Our Connectivity Solutions includes MPLS, IPLC, DPLC and VSAT.

We're not just about networks, we can also supply voice, security, mobility and cloud services in a Managed Model - acting as the single point of responsibility and ownership for your complete ICT solution.
